ABOUT ME

Arthur Brigg

CHASING THE SUN

Arthur Brigg is a South African-born fine artist known for his evocative acrylic paintings that capture the splendour of nature and the human form. Arthur now resides with his wife and daughter in Barrydale, on the cusp of the Karoo Desert.

Arthur works primarily with acrylic on hand-made canvas, often blending in fluorescent paints that glow under UV light — a creative twist discovered quite by accident during load shedding. His paintings, ranging from dramatic landscapes and seascapes to intimate portraits, are represented in local galleries.

Committed to both artistic excellence and community engagement, Arthur invites visitors to explore his catalogue of available works, where creativity, colour, and warmth converge with the rugged beauty of South Africa.
